& PRICING GUIDE

WELCOME

Welcome to Ideal Medical & Wellness, your premier destination for comprehensive wellness and weight loss solutions. Our tailored treatments and specialized services are designed to provide exceptional care, strict confidentiality, and optimal results, all focused on supporting your health and vitality.

Our goal is to help you navigate your wellness journey with our signature treatments that are designed to enhance your well-being. Ideal Medical & Wellness is led by our committed team, which creates a professional, trusting environment. We stay at the forefront of wellness and weight loss innovations to ensure you always feel valued and understood.

Our top-tier solutions are customized to your needs, ensuring you receive the highest level of care. No matter what concern you are looking to be treated for, we will always create a custom plan tailored to your needs and guide you toward your best self.

OUR SERVICES

CONSULTATIONS

Our one-on-one consultations are the starting point for your customized wellness and weight loss treatment. During your consultation with a member of our staff, we will get a better idea of your concerns and goals, perform a medical intake, and customize a treatment program to help you reach your desired results. All consultations are 45 minutes long.

LAB TESTS

Lab tests and wellness panels play a vital role in creating a customized wellness and weight loss plan, providing valuable insights into biomarkers related to your overall health. Our team uses these tests to generate a comprehensive snapshot of your health. Lab tests serve as both diagnostic tools and baselines, helping to address a range of issues and support preventative care.

- Full blood panel, \$500
- Follow-up blood panel, \$250
- STD urine panel, \$150
- STD blood panel, \$250
- Micronutrients panel, \$250
- Telomere test, \$300
- Cancer markers panel, \$270
- Heavy metals panel, \$240
- Food and environmental sensitivity panel, \$970

IV TREATMENTS

IV therapy treatments are one of the fastest and most effective ways to provide the body with much-needed fluids, nutrients, and medication. These treatment drips can be used for a variety of health conditions and as frequently as needed. With a wide range of IV treatment options, there is surely one that fits your needs. Our IV treatment sessions range from 30 minutes to 90 minutes, depending on the type of IV treatment administered.

- Introductory NAD \$300
- NAD \$500
- Iron Infusion \$240

BOTOX

Botox is an FDA-approved treatment for eliminating expression-related fine lines and wrinkles by relaxing the muscles that cause them. While Botox is widely used for aesthetic purposes, it also has medical indications. The noninvasive go-to treatment has become the preferred method for quickly erasing wrinkles while still retaining a natural, youthful look.
